The attached response to comments is in the SNUR docket, but not public—nothing will be public until the FRN publishes. Changes were made since you saw it last to conform it with last-minute FRN changes from the OCSPP IO. Considering the IO wasn't asking for the RTC and the fast turnaround on getting the FRN signed, folks didn't see the last attached version. That said, there aren't any substantive discrepancies.

As per OGC, **Ex. 5 Attorney Client (AC)**

Ex. 5 Attorney Client (AC)

I did notice a minor formatting issue of a couple paragraphs blending together (no space) that we can fix and will plan to do so. Barring any other direction, I plan to post this to the docket as metadata ready so that it posts with the FRN and references upon publication in the Federal Register.
